

Please complete the following contact information identifying the person completing this part of the Statistical Report. This will help if questions arise in interpreting the data.

Name:	Migdalia Davila Perez
Title:	Student's Officer Affair
Phone Number:	(787) 763-6199
Fax Number:	(787) 764-2311
Email Address:	migdalia.davila@uprrp.edu
University:	University of Puerto Rico

If questions arise in completing this part of the questionnaire, or if you have comments on its content, please contact ALISE at:

Association for Library and Information Science Education (ALISE)

65 East Wacker Place, Suite 1900

Chicago, IL 60601-7246 USA

Phone: 1 312 795 0996

Fax: 1 312 419 8950

E-mail: contact@alise.org

Notes on Completing the Tables

Specific instructions for completing each table are located within the red "comments" arrow of the table. If questions arise please don't hesitate to contact the editors of this section.

Schools that have more than one program of study (i.e., separate master's programs) are asked to report separately for the ALA-accredited Library and Information Studies master's program, any ALA-accredited information science master's program; aggregate the students in other master's program(s) of study under Other Master's.

If your school offers a particular program of study but no students are enrolled in that program (or none graduated -- Table II-3), please report "0" in the tables rather than leaving the cells blank. If you offer a program but the data requested are not available, please report "N/A" in the relevant cells of the table.

Because of the differences in programs among the various schools of library and information science, you are encouraged to include explanatory comments for any of the tables. Comments, subject to editing, will be included in the final report with the table to which they refer where possible.

Please note that for the final report totals will be forced. That is, the values entered in the body of the table will be considered correct and these internal values will be used to total the table. Please check your responses for arithmetic accuracy and cross-check your values with those entered in related tables, as noted later in the instructions.

**Table II-1
Student Enrollment by Program and Gender in Fall 2008**

Program	Full-Time			Part-Time				Total No.	Total FTE

Other Graduate											
TOTAL	18	47	65	20	13.51	48	27.26	68	40.8	133	106

To report the number of students enrolled in each program, use your parent institution's method for computing student full-time equivalence (FTE). If such a formula is not available, use the following: Consider a student full-time if the course load will enable requirements for the degree to be completed within the normal length of time. For example, if the normal time to complete the degree is 12 courses in 4 quarters, a student carrying 3 courses during the quarter should be counted as 1.00 FTE; a student carrying 2 courses during the quarter should be counted as 0.67 FTE ($2/3 = .667$). Students carrying an overload should be counted as only 1.00 FTE. In the space below, please supply the formula you used to compute the FTE. If the FTE formula differs by program level please give each formula used and the program level with which it is associated.

Of the TOTAL FTE, indicate the number of FTE students off campus:

0

Notes:

Formula for FTE: total number of credits/12
FTE does not include students maintaining matriculation

Table II-2

TOTAL	21.00	47.00	68.00	11.00	6.40	53.00	27.02	64.00	33.42

To report the number of students enrolled in each program, use your parent institution's method for computing student full-time enrollment. If such a formula is not available, use the following: Consider a student full-time if the course load will enable requirements for the degree to be completed within the normal length of time. For example, if the normal time to complete the degree is 12 courses in 4 quarters, a student carrying 3 courses during the quarter should be counted as 1.00 FTE; a student carrying 2 courses during the quarter should be counted as 0.67 FTE (2/3); a student carrying an overload should be counted as only 1.00 FTE. In the space below, please supply the formula you used to compute the number of full-time students. If your formula differs by program level please give each formula used and the program level with which it is associated.

Of the TOTAL FTE, indicate the number of FTE students off campus:

0

Notes:

--

Formula for FTE: total number of credits/12

FTE does not include students maintaining matriculation

**Table II-2

**Table II-3
Degrees and Certificates Awarded by Gender and Ethnic Origin
Academic Year 2009 - 2010**

Please report data for degrees and certificates awarded in the 2009-2010 academic year (Fall 2009 through Spring 2010 and the 2010 summer sessions). US schools should supply breakdowns by ethnic group; Canadian schools may supply breakdowns if these data are available. All schools should supply totals.

Please note that international students should be reported only in the "I" column and not in any of the ethnic categories. The ethnic category columns are limited to reporting of students who are US. (or Canadian, for Canadian schools) citizens, permanent residents, or landed immigrants.

If questions arise in completing this part of the questionnaire, or if you have comments on its content, please contact the Office for Accreditation at:

American Library Association
Office for Accreditation
50 E. Huron Street
Chicago, IL 60611
Phone: 312-280-2436
Fax: 312-280-2433
Email: kprice@ala.org

Please note the following:

1. Data should be entered in **yellow cells only**.
2. **Grey cells** are locked because they contain formulas.
3. Some cells have small red triangles in their upper right hand corner. Place the cursor over the triangle to get a more detailed explanation of what should be entered in that particular cell.

All questionnaires are due no later than December 1, 2011.

Please complete the following contact information identifying the person completing this part of the Statistical Report. This will help if questions arise in interpreting the data.

University:	

Notes on Completing the Tables

Specific instructions for completing each table are located within the red "comments" arrow of the table. If questions arise please don't hesitate to contact the editors of this section.

Schools that have more than one program of study (i.e., separate master's programs) are asked to report separately for the ALA-accredited Library and Information Studies master's program, any ALA-accredited information science master's program; aggregate the students in other master's program(s) of study under Other Master's.

If your school offers a particular program of study but no students are enrolled in that program (or none graduated -- Table II-3), please report "0" in the tables rather than leaving the cells blank. If you offer a program but the data requested are not available, please report "N/A" in the relevant cells of the table.

Because of the differences in programs among the various schools of library and information science, you are encouraged to include explanatory comments for any of the tables. Comments, subject to editing, will be included in the final report with the table to which they refer where possible.

Please note that for the final report totals will be forced. That is, the values entered in the body of the table will be considered correct and these internal values will be used to total the table. Please check your responses for arithmetic accuracy and cross-check your values with those entered in related tables, as noted later in the instructions.

**Table II-1
Student Enrollment by Program and Gender in Fall 2011**

To report the number of students enrolled in each program, use your parent institution's method for computing student full-time equivalence (FTE). If such a formula is not available, use the following: Consider a student full-time if the course load will enable requirements for the degree to be completed within the normal length of time. For example, if the normal time to complete the degree is 12 courses in 4 quarters, a student carrying 3 courses during the quarter should be counted as 1.00 FTE; a student carrying 2 courses during the quarter should be counted as 0.67 FTE (2/3 = .667). Students carrying an overload should be counted as only 1.00 FTE. In the space below, please supply the formula you used to compute the FTE. If the FTE formula is differs by program level please give each formula used and the program level with which it is associated.

Of the TOTAL FTE, indicate the number of FTE students off campus:

Notes:

Formula for FTE: total number of credits/12

FTE does not include students maintaining matriculation

**Table II-2

Notes on Completing the Tables

Specific instructions for completing each table are located within the red "comments" arrow of the table. If questions arise please don't hesitate to contact the editors of this section.

Schools that have more than one program of study (i.e., separate master's programs) are asked to report separately for the ALA-accredited Library and Information Studies master's program, any ALA-accredited information science master's program; aggregate the students in other master's program(s) of study under Other Master's.

If your school offers a particular program of study but no students are enrolled in that program (or none graduated -- Table II-3), please report "0" in the tables rather than leaving the cells blank. If you offer a program but the data requested are not available, please report "N/A" in the relevant cells of the table.

Because of the differences in programs among the various schools of library and information science, you are encouraged to include explanatory comments for any of the tables. Comments, subject to editing, will be included in the final report with the table to which they refer where possible.

Please note that for the final report totals will be forced. That is, the values entered in the body of the table will be considered correct and these internal values will be used to total the table. Please check your responses for arithmetic accuracy and cross-check your values with those entered in related tables, as noted later in the instructions.

**Table II-1
Student Enrollment by Program and Gender in Fall 2012**

Program	Full-Time			Part-Time				Total No.	Total FTE	Total No.	Total FTE	
	Male	Female	Total	Male		Female						Total No.
				No.	FTE	No.	FTE

Post-Master's			0.00					0.00	0.00	0.00	0.00	
Doctoral			0.00					0.00	0.00	0.00	0.00	
Other Under-graduate			0.00					0.00	0.00	0.00	0.00	
Other Graduate			0.00					0.00	0.00	0.00	0.00	
TOTAL	15.00	39.00	54.00	9.00	7.00	27.00	16.63	36.00	23.63	90.00	77.63	

To report the number of students enrolled in each program, use your parent institution's method for computing student full-time equivalence (FTE). If such a formula is not available, use the following: Consider a student full-time if the course load will enable requirements for the degree to be completed within the normal length of time. For example, if the normal time to complete the degree is 12 courses in 4 quarters, a student carrying 3 courses during the quarter should be counted as 1.00 FTE; a student carrying 2 courses during the quarter should be counted as 0.67 FTE ($2/3 = .667$). Students carrying an overload should be counted as only 1.00 FTE. In the space below, please supply the formula you used to compute the FTE. If the FTE formula differs by program level please give each formula used and the program level with which it is associated.

Of the TOTAL FTE, indicate the number of FTE students off campus:

0

Notes: Students X credits /. 8

Formula for FTE: total number of credits/12

FTE does not include students maintaining matriculation

**Table II-3
Degrees and Certificates Awarded by Gender and Ethnic Origin
Academic Year 2011-2012**

Please report data for degrees and certificates awarded in the 2010-2011 academic year (Fall 2010 through Spring 2011 and the 2011 summer sessions). US schools should supply breakdowns by ethnic group; Canadian schools may supply breakdowns if these data are available. All schools should supply totals.

Please note that international students should be reported only in the "I" column and not in any of the ethnic categories. The ethnic category columns are limited to reporting of students who are US. (or Canadian, for Canadian schools) citizens, permanent residents, or landed immigrants.

If questions arise in completing this part of the questionnaire, or if you have comments on its content, please contact the Office for Accreditation at:

American Library Association
Office for Accreditation
50 E. Huron Street
Chicago, IL 60611
Phone: 312-280-2432
Fax: 312-280-2433
Email: accred@ala.org

Please note the following:

1. Data should be entered in **yellow cells only**.
2. **Grey cells** are locked because they contain formulas.
3. Some cells have small red triangles in their upper right hand corner. Place the cursor over the triangle to get a more detailed explanation of what should be entered in that particular cell.

All questionnaires are due no later than December 2, 2013.

Please complete the following contact information identifying the person completing this part of the Statistical Report. This will help if questions arise in interpreting the data.

Name:	Carlos Suárez Balseiro
Title:	Acting Director
Phone Number:	787-764-0000 X3526
Fax Number:	787-764-2311
Email Address:	carlos.suarez5@upr.edu
University:	University of Puerto Rico

Notes on Completing the Tables

Specific instructions for completing each table are located within the red "comments" arrow of the table. If questions arise please don't hesitate to contact the editors of this section.

Schools that have more than one program of study (i.e., separate master's programs) are asked to report separately for the ALA-accredited Library and Information Studies master's program, any ALA-accredited information science master's program; aggregate the students in other master's program(s) of study under Other Master's.

If your school offers a particular program of study but no students are enrolled in that program (or none graduated -- Table II-3), please report "0" in the tables rather than leaving the cells blank. If you offer a program but the data requested are not available, please report "N/A" in the relevant cells of the table.

Because of the differences in programs among the various schools of library and information science, you are encouraged to include explanatory comments for any of the tables. Comments, subject to editing, will be included in the final report with the table to which they refer where possible.

Please note that for the final report totals will be forced. That is, the values entered in the body of the table will be considered correct and these internal values will be used to total the table. Please check your responses for arithmetic accuracy and cross-check your values with those entered in related tables, as noted later in the instructions.

**Table II-1
Student Enrollment by Program and Gender in Fall 2013**
